

Complete Call Recording...

Ladybird Communications Complete Call Recorder provides businesses with everything needed to record, store, search, replay and even send copies of telephone recordings to people via e-mail.

The **Complete Call Recorder** is exactly that; a complete solution that provides businesses with everything needed including; PC, Screen & Keyboard, Recording Software & Storage Media and is fully supplied, installed, trained and maintained by our engineering staff.

Compatible for use with;

- Analogue
- ISDN2e
- ISDN30 Telephone Lines

You can search for calls by;

- Date
- Time
- Duration
- Calling Line Identity (CLI)
- Number Dialed
- Extension

Complete Call Recording can enhance your business in some or all of the following ways:

- Training Staff in Call Handling
- Monitoring Customer Service
- Verifying Orders/Instructions
- Resolving Disputes
- Enforcing Telephone Standards
- Compliance with Regulatory Bodies

The solution will allow you to:

- Search for, locate and replay telephone conversations as quickly as you do with emails
- Forward copies of recordings to other parties via email
- View call activity into and out of your business via the in-built call logger
